# SAFETY DATA SHEET

Version 2

# **1. IDENTIFICATION**

May Also Be Distributed by: ITW Permatex Canada 101-2360 Bristol Circle Oakville, ON Canada L6H 6M5 Telephone: (800) 924-6994

E-mail address: Info@evercoat.com

### 2. HAZARDS IDENTIFICATION

### **Classification**

#### **OSHA Regulatory Status**

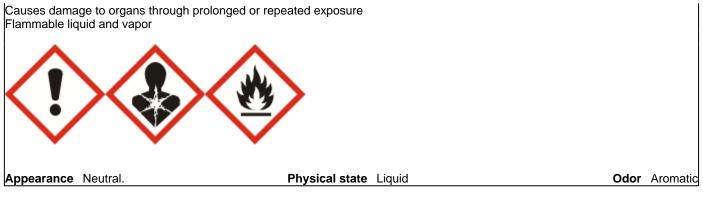

This chemical is considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.1200)

| Acute toxicity - Oral                              | Category 4  |
|--|-------------|
| Acute toxicity - Inhalation (Dusts/Mists)          | Category 4  |
| Skin corrosion/irritation                          | Category 2  |
| Serious eye damage/eye irritation                  | Category 2A |
| Respiratory sensitization                          | Category 1  |
| Skin sensitization                                 | Category 1  |
| Carcinogenicity                                    | Category 1B |
| Reproductive toxicity                              | Category 2  |
| Specific target organ toxicity (repeated exposure) | Category 1  |
| Flammable liquids                                  | Category 3  |

### Label elements

### **Emergency Overview**

| Signal word   |
|---|
| Danger  |
|   |
|   |
| Harmful if swallowed or if inhaled  |
| Causes skin irritation  |
| Causes serious eye irritation   |
| May cause allergy or asthma symptoms or breathing difficulties if inhaled |
| May cause an allergic skin reaction                                       |
| May cause cancer  |
| Suspected of damaging fertility or the unborn child                       |

### **Precautionary Statements - Prevention**

Obtain special instructions before use Do not handle until all safety precautions have been read and understood Use personal protective equipment as required Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Use only outdoors or in a well-ventilated area In case of inadequate ventilation wear respiratory protection Contaminated work clothing should not be allowed out of the workplace Do not breathe dust/fume/gas/mist/vapors/spray Keep away from heat/sparks/open flames/hot surfaces. - No smoking Keep container tightly closed Ground/bond container and receiving equipment Use explosion-proof electrical/ ventilating/ lighting/ equipment Use non-sparking tools Take precautionary measures against static discharge

Wear protective gloves/protective clothing/eye protection/face protection

#### **Precautionary Statements - Response**

IF exposed or concerned: Get medical advice/attention

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention If skin irritation or rash occurs: Get medical advice/attention IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower Wash contaminated clothing before reuse IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing If experiencing respiratory symptoms: Call a POISON CENTER or doctor/physician IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell Rinse mouth In case of fire: Use CO2, dry chemical, or foam to extinguish.

### **Precautionary Statements - Storage**

Store locked up Store in a well-ventilated place. Keep cool

### **Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant

# Hazards not otherwise classified (HNOC)

Not applicable

#### Other Information

Toxic to aquatic life with long lasting effects.

### **3. COMPOSITION/INFORMATION ON INGREDIENTS**

| Chemical Name                     | CAS No      | Weight-% |
|-----------------------------------|-------------|----------|
| Styrene                           | 100-42-5    | 10 - 30  |
| Talc (hydrous magnesium silicate) | 14807-96-6  | 10 - 30  |
| Ground Limestone (Calcium         | 1317-65-3   | 7 - 13   |
| Carbonate)                        |             |          |
| Magnesite                         | 546-93-0    | 3 - 7    |
| Soda Lime Borosilicate Glass      | 65997-17-3  | 1 - 5    |
| Synthetic Amorphous Silica        | 112926-00-8 | 1 - 5    |
| Titanium Dioxide                  | 13463-67-7  | 1 - 5    |
| Tetrahydrophthalic Anhydride      | 85-43-8     | 1 - 5    |

# 4. FIRST AID MEASURES

### **Description of first aid measures**

| General advice                     | Get medical advice/attention if you feel unwell.   |  |  |
|------------------------------------|--|--|--|
| Eye contact                        | IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention. |  |  |
| Skin contact                       | IF ON SKIN:. Wash skin with soap and water. If skin irritation persists, call a physician. Take off contaminated clothing and wash before reuse.   |  |  |
| Inhalation                         | IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If symptoms persist, call a physician.  |  |  |
| Ingestion                          | IF SWALLOWED:. Do NOT induce vomiting. Never give anything by mouth to an unconscious person. Call a physician.  |  |  |
| Self-protection of the first aider | Ensure that medical personnel are aware of the material(s) involved and take precautions to protect themselves.  |  |  |
| Most important symptoms and effe   | Most important symptoms and effects, both acute and delayed  |  |  |
| Symptoms                           | See section 2 for more information.  |  |  |
| Indication of any immediate medica | dication of any immediate medical attention and special treatment needed   |  |  |
| Note to physicians                 | Treat symptomatically.   |  |  |
| 5. FIRE-FIGHTING MEASURES          |  |  |  |

#### <u>Suitable extinguishing media</u> Carbon dioxide (CO2), Dry chemical, Foam

Carbon dioxide (CO2), Dry chemical, i oa

#### Unsuitable extinguishing media None

Specific hazards arising from the chemical Flammable.

Explosion dataSensitivity to Mechanical ImpactNone.Sensitivity to Static DischargeNone.

### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full

protective gear.

# 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protective equipment and emergency procedures |  |  |
|---|--|--|
| Personal precautions  | Remove all sources of ignition. Use personal protective equipment as required.   |  |
| Environmental precautions   |  |  |
| Environmental precautions   | Do not flush into surface water or sanitary sewer system. See section 12 for additional ecological information.  |  |
| Methods and material for containm                                   | ent and cleaning up  |  |
| Methods for containment   | Prevent further leakage or spillage if safe to do so.  |  |
| Methods for cleaning up   | Soak up with inert absorbent material.   |  |
| Prevention of secondary hazards                                     | Clean contaminated objects and areas thoroughly observing environmental regulations.   |  |
|   | 7. HANDLING AND STORAGE  |  |
| Precautions for safe handling                                       |  |  |
| Advice on safe handling   | Handle in accordance with good industrial hygiene and safety practice. Avoid breathing vapors or mists. Avoid contact with skin, eyes or clothing. Wash thoroughly after handling. Wash contaminated clothing before reuse. Use personal protective equipment as required. |  |
| Conditions for safe storage, includ                                 | ing any incompatibilities  |  |
| Storage Conditions  | Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).   |  |
| Incompatible materials  | Strong oxidizing agents  |  |

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

### Control parameters

### Exposure Guidelines

| Chemical Name                     | ACGIH TLV                                   | OSHA PEL                                      | NIOSH IDLH                               |
|-----------------------------------|---|---|--|
| Styrene                           | STEL: 40 ppm                                | TWA: 100 ppm                                  | IDLH: 700 ppm                            |
| 100-42-5                          | TWA: 20 ppm                                 | (vacated) TWA: 50 ppm                         | TWA: 50 ppm                              |
|                                   |   | (vacated) TWA: 215 mg/m <sup>3</sup>          | TWA: 215 mg/m <sup>3</sup>               |

| NIOSH IDLH Immedi | iately Dangerous | to Life or Health |
|-------------------|------------------|-------------------|
|-------------------|------------------|-------------------|

**Other Information** 

Vacated limits revoked by the Court of Appeals decision in AFL-CIO v. OSHA, 965 F.2d 962 (11th Cir., 1992).

### Appropriate engineering controls

| Engineering Controls | Showers             |
|----------------------|---------------------|
| 0 0                  | Eyewash stations    |
|                      | Ventilation systems |

### Individual protection measures, such as personal protective equipment

| Eye/face protection            | Wear safety glasses with side shields (or goggles).  |
|--------------------------------|--|
| Skin and body protection       | Wear protective natural rubber, nitrile rubber, Neoprene™ or PVC gloves.   |
| Respiratory protection         | Use NIOSH-approved air-purifying respirator with organic vapor cartridge or canister, as appropriate.  |
| General Hygiene Considerations | Handle in accordance with good industrial hygiene and safety practice. Regular cleaning of equipment, work area and clothing is recommended. |

### 9. PHYSICAL AND CHEMICAL PROPERTIES

### 9.1. Information on basic physical and chemical properties

| Physical state                 | Liquid                   |                  |
|--------------------------------|--------------------------|------------------|
| Appearance                     | Neutral.                 |                  |
| Odor                           | Aromatic                 |                  |
| Odor threshold                 | No information available |                  |
| Property                       | Values                   | Remarks • Method |
| рН                             | No information available |                  |
| Melting point / freezing point | No information available |                  |
| Boiling point / boiling range  | 145 °C / 293 °F          |                  |
| Flash point                    | 32 °C / 90 °F            |                  |
| Evaporation rate               | No information available |                  |

### **Ecotoxicity**

### Persistence and degradability

No information available.

### **Bioaccumulation**

No information available.

### <u>Mobility</u>

No information available.

| Chemical Name | Partition coefficient |
|---------------|-----------------------|
| Styrene       | 2.95                  |
| 100-42-5      |                       |

### Other adverse effects

No information available

# **13. DISPOSAL CONSIDERATIONS**

| Waste treatment methods |   |  |
|-------------------------|---|--|
| Disposal of wastes      | This material, as supplied, is a hazardous waste according to federal regulations (40 CFR 261). |  |
| Contaminated packaging  | Do not reuse container.   |  |
| US EPA Waste Number     | D001, U197 U166   |  |

**Chemical Name California Hazardous Waste Status** Styrene Toxic 100-42-5 Ignitable **14. TRANSPORT INFORMATION** This information is not intended to convey all specific regulatory information relating to this product. Note: Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material. ### US Federal Regulations

### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product contains a chemical

or chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

| Chemical Name                     | SARA 313 - Threshold Values % |
|-----------------------------------|-------------------------------|
| Styrene - 100-42-5                | 0.1                           |
| SARA 311/312 Hazard Categories    |                               |
| Acute health hazard               | No                            |
| Chronic Health Hazard             | No                            |
| Fire hazard                       | Yes                           |
| Sudden release of pressure hazard | No                            |
| Reactive Hazard                   | No                            |

# CWA (Clean Water Act)

This product contains the following substances which are regulated pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

| Chemical Name       | CWA - Reportable<br>Quantities | CWA - Toxic Pollutants | CWA - Priority Pollutants | CWA - Hazardous<br>Substances |
